

[In the Library](#) | [From Home](#) Mergent Intellect is a web-based application that features a deep collection of worldwide business information that enables companies to generate insightful business intelligence. Coupling Mergent's experience in developing products for the reference marketplace with D&B's private company database, it offers clients the opportunity to access private and public U.S and international business data, industry news, facts and figures, executive contact information, the ability to access industry profiles and much more. There is also a **job search function** that can be utilized to find jobs by industry.
