Did you know that the Monmouth County Library offers more than just storytimes for children? We offer children's DVDs at all of our branches; downloadable magazines for children available through our new offering, Flipster; and digital resources to help children do their homework and other projects for school. We offer special programs such as LEGO® Clubs, crafts, Read to a Therapy dog, and plenty more. And, the storytimes are pretty special, too, as we customize them for babies under age 2 (siblings are welcome), for toddlers, pre-K kids, and family groups. Each of our branches has a children's librarian, and you can find a schedule of activities on our [website](#)
under Children.

We have many online databases for children that can be used in the library, or from home (with a valid library card). These include the *DK Eyewitness* books, *Facts on File* with reference material covering history, science, health, literature and an atlas,
Tumblebooks
with read-along picture books, and
Searchasaurus
with magazine articles, dictionary, and encyclopedia. Kids can also learn a world language using
Kidspeak
for 6-year-olds and up; eleven languages are taught through animations, puzzles and songs.

Children's eBooks and audiobooks can be downloaded from our *Library on the Go* to a tablet or eReader. They are available with a valid resident library card.

Several of our libraries have Early Literacy Stations that offer an all-in-one touchscreen computer intended for children ages 2 to 8. These stations are not connected to the Internet so this offers a safe and secure learning environment for your child. You can find them at the Library's Headquarters in Manalapan, Eastern Branch in Shrewsbury, Hazlet Township, Ocean Township, Marlboro and Howell branches.

You can always find something exciting for your children and yourself at the Library. Check out our [website](#) and call your local branch for more information. Come to the Monmouth County

Library for books, eBooks, electronic magazines, research tools and fun! You can find it all at the Library!
